WaWaYaYa JoyReader Pro - AI
This is an upgraded version of our previous app. The JoyReader Pro reading platform is now **equipped with advanced AI technology**. It features an optimized AI companion reading function.

Scan QR code on the cover page and you will be directed to the app in both the App Store and the Play Store. Alternatively, type "**joyreader pro**" to search for the app in both stores.

SIGN-IN TO THE APP

This is the login page of JoyReader Pro.

- Sign in to your account with your username and password.

- Select < **Sign in** > to log in.

- If you do not have an account, please contact us or visit *www.hansvision.com* to purchase an account.

MEET YOUR AI COMPANION - YAYA

When you **open an eBook** and enter the story pages, you'll see **Yaya, the AI avatar**, appear in the bottom-left corner of the screen. You can drag and move the Yaya icon anywhere you like.

Tap on the avatar and the message "**我在听…**" will appear. At this point, you can ask any question or share your thoughts with Yaya.

After speaking, pause briefly — when you see "**……**", it means the system is processing your message. Yaya will then respond, and you can **continue the conversation turn by turn**.

Reminders:

- For best results, take turns while speaking — one question, one answer. Avoid interrupting or speaking over one another.
- A quiet environment is ideal. Background noise may affect Yaya's ability to understand and may lead to inaccurate responses.
- A stable internet connection is required for conversations to function properly.
- If there is a long pause before Yaya responds, please check your internet connection and try restarting the system.
- For any questions or technical support, please contact us at 6256 1327 or email online@hansvision.com.

小朋友，路见不平就是看到不公平的事情时，勇敢地站出来帮助别人哦！就像哪吒看到夜叉欺负童男童女，就勇敢地打跑了夜叉，真是个小英雄呢！

龙王还派夜叉去抓童男童女，结果，夜叉被路见不平的哪吒打死。

AI 智能体数字人

打开电子书故事页面后，在屏幕的左下方会出现 (Yaya) 丫丫 AI 智能体数字人。你可以将丫丫的图标拖动到屏幕的任意位置。

点按数字人，她会出现"**我在听…**"的对话文字，这时使用者就能将问题或想法直接告诉"AI 智能体数字人"，问完后稍停一会儿，数字人会出现"**……**"符号，这是系统正在处理，过后数字人就会回答，大家就可以一来一往进行对话了。

提醒部分：

- 对答的方式建议一来一往，按顺序进行，别抢着说话。
- 周围环境如果太嘈杂，会影响到对话效果，Yaya 的回答可能会答非所问，安静的环境最为理想。
- 对话时需要使用网络，因此网线顺畅最为重要。
- 如果遇到 Yaya 的对话有太长的停顿现象，建议检查网络，确保顺畅，同时重新启动系统。
- 有任何疑问，请联系电话 6256 1327 或电邮 online@hansvision.com
