* Tips for Parents *

What roles do parents play in developing their child's MTL reading habits and skills?

As parents, you play an integral role in your child's development of reading habits and skills. When your child adopts a positive attitude towards reading and has shown interest in picking up a MTL book to read, giving affirmation will help him/her to develop a greater sense of motivation in MTL reading.

You can provide a supportive environment for your child to read by playing three roles-the motivator, the role-model and the facilitator.

1.The Motivator

- When your child encounters difficulty in reading MTL books, you can encourage him to persevere and look for help in overcoming the difficulties.
- Help your child to derive pleasure from reading.

2. The Role-Model

- Be a MTL reader yourself, this will motivate them to learn from you.
- Read MTL books together with your child to promote parent-child relationship through conversations and exchange of thoughts.

3. The Facilitator

- Leverage on the wide range of resources to support your child in reading.
- Encourage your child to participate in community programmes. These will enable them to discover a broader selection of reading materials beyond the curriculum.

✿ How can I help my child improve his/her reading skills? ✿

1. Create an environment conducive for learning

Set up a comfortable library space at home. Letting your child have easy access to books will drive motivation to read.

2. Cultivate good reading habits

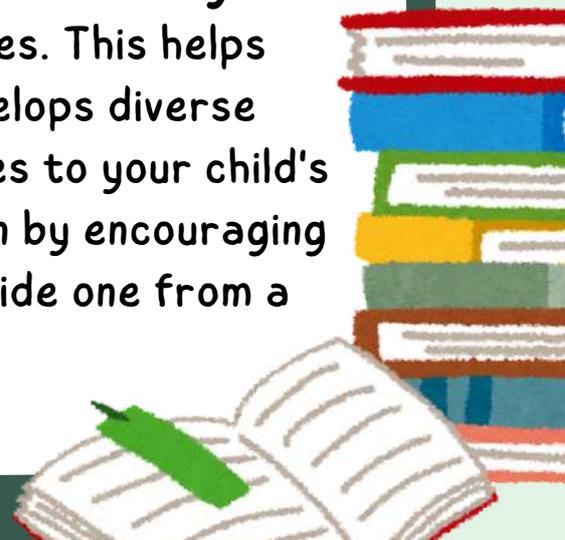

Set a routine reading time with your child and read story books or electronic books with him/her. Bring your child to the library at least once a week.

3. Encourage independent reading goals

Encourage your child to set personal reading goals by completing the tasks in the Reading Passport, such as visiting the school library and public libraries to borrow books. Celebrate milestones with task stickers and receive an accomplishment certificate upon completion.

4. Guide your child in reading books of different genres

Introduce him/her to various book genres. This helps broaden their reading horizons and develops diverse literacy skills. Try connecting new genres to your child's existing interests. Make exploration fun by encouraging him/her to pick one familiar book alongside one from a new section during library visits

5. Be your child's audience

Encourage your child to read the story to you even if you are unfamiliar with the language. You may also let them share with you what they have read and done in school.

6. Be well equipped to support your child's reading process

A bilingual dictionary, e-dictionary or mobile applications will come in handy when you need to check for the MTL equivalent of a particular word.

7. Make reading a meaningful and enjoyable process

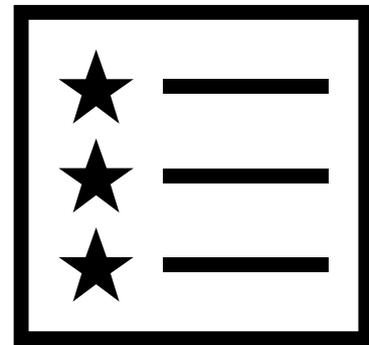

Familiarise yourself with the book first and be animated when reading it to your child. You may use the synopsis in the Parents' Guide to help you in guiding your child to read the supplementary readers. Talk about the pictures, point to objects and ask questions. Let him/her set the pace of reading, turn the pages, role-play and express opinions about the books.

8. Build up a "Words Achievement List" with your child

Help your child compile a list of words learnt. Your child will have an immense sense of satisfaction when he/she sees the list grow.

9. Tap on external help

Mass media and technology such as audio reading of stories and rhymes, audio books and interactive learning applications can be used to support your child in the reading process.
